about us

Dion is a brand of Merit Company, a luxury furniture brand based in Istanbul. Established in 1986, Dion now operates in a 10,000-square-meter closed production area with over 100 expert employees. Its factory, located in the Sancaktepe district of Istanbul, produces a wide range of products, from classical to modern styles, including sofa sets, dining room furniture, and bedroom sets.

Dion stands out as a company that keeps its excitement as fresh as on its first day and never compromises on the principle of perfectionism. Building its original designs with the aim of creating living spaces, Dion adds uniqueness to the spaces it touches with its distinctive approach to design, production, and service. Additionally, it offers innovative solutions for landscaping in residential projects, providing alternatives down to the finest details.

Dion has two stores in Istanbul, located in Modoko and Çekmeköy, and plans to increase its number of stores both domestically and internationally. At the same time, it serves as a wholesale supplier to many dealers in Europe, Russia, the Middle East, the Gulf region, and North Africa. Dion also provides custom project services for residences, hotels, and villas both in Turkey and abroad.
